Pianetta Estate Bottled Cabernet Sauvignon

Pianetta Winery would like to honor our customers with the limited release of a Cabernet Sauvignon vertical featuring our first production of 2002 Cabernet. Our Cabernet over the years has been our top selling wine, indicating customer satisfaction with the distinction of the wine. The Estate Cabernet wines serve as examples of the consistency and quality of our vineyard practices. We put focus on the quality of the fruit in the vineyard at our winery seeing as the vineyard is where the flavor is created. We concentrate on the preservation of that quality and flavor during the winemaking process. Throughout the cycles of nature our vineyards have maintained a superior premium quality cabernet worthy of a vertical presentation. This specially engraved wooden box contains the 2002, 2003, and 2004 Pianetta Estate Bottled Cabernet Sauvignon. We hope you enjoy these delicious wines for years to come.
